

## Advocate for Andre House Guests

We value your opinion as you have been coming to Andre House and have seen the living conditions on Jackson Street.

**All human beings deserve dignity.**

We are in a position to help the City and County in the planning efforts for the unsheltered living on Jackson.

Earlier this year, the City said the Phoenix Cares Initiative would respond. With your help, we have shown the city the issues are more complex. What changes have you seen? What can we do? What will work? We appreciate hearing your perspective.

Please send your thoughts to [kimo@andriehouse.org](mailto:kimo@andriehouse.org)
